Now if only my parents made up a poster like this for my Bar Mitzvah, the rest of my adult life probably would've gone in a completely different direction. *Cinematical* has just received this exclusive poster for [Sixty Six](#) (click to enlarge), starring Eddie Marsan, Helena Bonham Carter and Gregg Sulkin. Directed by Paul Weiland, *Sixty Six* is an adorable little indie from across the pond about a boy who's life gets turned upside down when his Bar Mitzvah just happens to coincide with the classic 1966 World Cup Final between England and West Germany. It was supposed to be the most important event of his life. Unfortunately for him, it clashed with one of the most important events in the history of his country.

Sixty Six already debuted in the UK, but now it's finally making its way to the states and will arrive in theaters on August 1.
